"Red Head"

Welding Clamps

CLAMPS DESIGNED FOR THE WELDING INDUSTRY

Exclusive Feature: Threads Protected from "Weld Spatter"

LIFETIME GUARANTEE (BODY ONLY)

"Red Head" offers a full range of extra sturdy, solid steel clamps for a wide variety of welding needs.

- 8 Heavy-Duty Models: Capacity up to 6"
- 6 Extra Heavy-Duty Models: Capacity up to 4"
- Manganese High-Strength Steel Bodies
- Heat-Treated Screws & Handles Insure Long Life
- Replacement Screws & Handles in Stock

Exclusive Spatter-Proof Threads

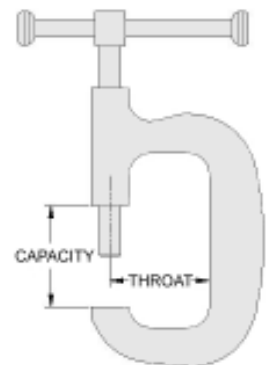

The unique design of the **"Red Head"** clamp protects the threads of the screw from "weld spatter". Open or closed - the threads remain inside of the the clamp body and are never exposed.

Heat-treated screws are replaceable, insuring a long life for the clamp.

Many Styles and Sizes to Meet Your Needs

- Capacity: Space between end of screw and clamp body anvil. 2" to 4" capacity will tighten on the full 2" to 4" size range.
- Throat: Distance from center of screw to back of clamp.
